

# FUTURAMIC

BUILDING THE FUTURE  
**TODAY**

[WWW.FUTURAMIC.COM](http://WWW.FUTURAMIC.COM)

## ABOUT FUTURAMIC

Founded in 1955, Futuramic has built its reputation on quality, on-time delivery, customer service, and competitive pricing. As a full-service design-and-build company, we manage projects from requirements through design, build, inspection, and installation—continuously upgrading equipment and leveraging decades of engineering expertise.

Futuramic is equally committed to associate growth and development. Since 1971, we have partnered with Macomb Community College on an apprenticeship program, supplemented by in-house training to ensure skills stay current with advancing technologies. This focus on continuous learning fosters improvement, retention, and productivity—enabling us to consistently meet or exceed customer expectations.

## CERTIFICATIONS

### ISO 9001:2015 AND AS9100D

Futuramic is certified to be in accordance with AS9104A. This is the most universal and globally recognized quality system today.

### ITAR REGISTRATION

Achieving this registration is evidence of our commitment to comply with policies that control the export and import of defense-related articles and services.

### NADCAP

Futuramic is Nadcap approved for Heat Treatment, NonDestructive Testing (NDT), and Welding. This gives Futuramic end-to-end control of the quality of critical aerospace and defense components.

### AWS

All Futuramic Weld Inspectors are AWS CWI Certified. All Futuramic welders are Qualified to AWS Standards. Futuramic has in-house training and qualification capability in all positions and a wide range of materials.

### CYBERSECURITY MATURITY MODEL CERTIFICATION (CMMC)

Futuramic complies with all 110 NIST 800-171 requirements and maintains a CMMC Level 2 self-assessment score above 3.8. We are on track for a preliminary third-party audit in January 2026 and targeting full Level 2 certification by January 2027.

ENGINEERING

8,000 sq. ft. (742 sq. m.) of Design and R&D

20+ Designers on Staff

CATIA V5, NX

Program Management Services

Offline Inspection Programming

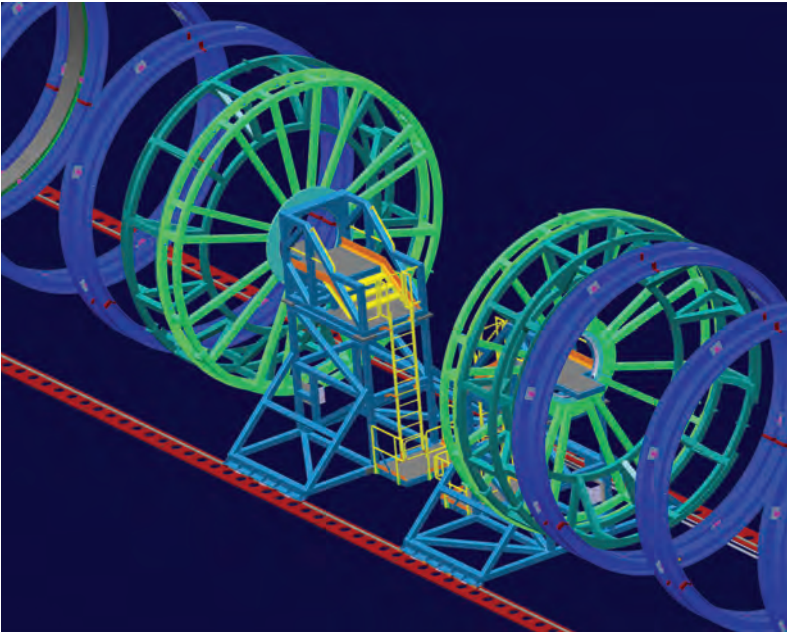

Change Management Controls

Standard Components Library

IT Management

Stress Analysis

Femap + Nastran

## FABRICATION

260,000 sq. ft. (24,155 sq. m.)  
of Dedicated Fabrication Space

Certified Welders and Fitters for  
Aluminum, INVAR, Stainless, Steel,  
and Other Specialty Metals

Robotic Welding Cell

CAD Controlled Burnouts

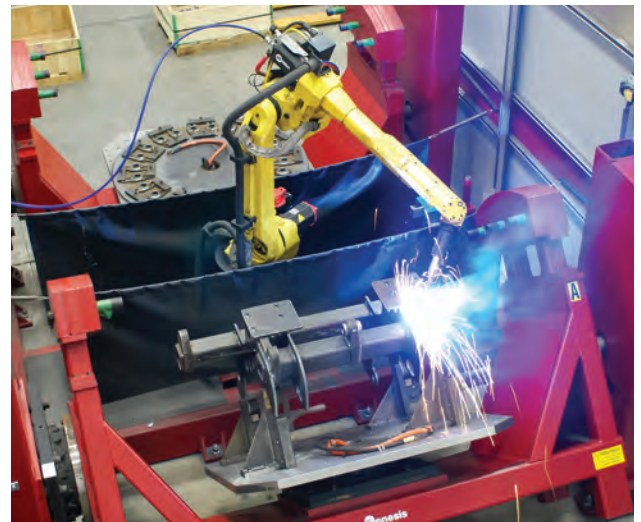

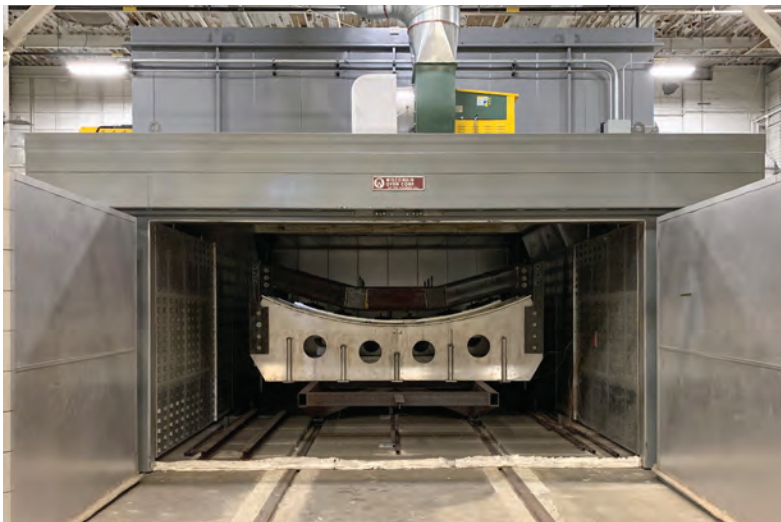

Water Jet Services

Grinding Services

Large Inventory of Materials

Composite Curing and Aluminum  
Stress Relieving

Common IT Server with  
Engineering and Manufacturing

MANUFACTURING

647,000 sq. ft. (60,108 sq. m.)  
of Manufacturing and Assembly Space

40+ Machine Tools

On-Floor CAD and Programming  
Capabilities

Palletized Automated Machining  
Centers

Direct Link NC Programming

EDM Capabilities

Lean Build Cells

Secure Entrance Ways and  
Overhead Doors

Fully Craned Climate-Controlled  
Facilities

## INSPECTION

10+ Laser Trackers

2+ Laser Scanners

8+ Coordinate Measuring Machines  
(CMMs) in Various Sizes

3D Software Capabilities  
(CAPPS, AVAL, PC-DMIS)

PART, GR, GR&R and R&R Services

Third Party Certification Services

Off-site Inspection, Installation and  
Commissioning Services

INSTALLATION

- 3 Fully Working Mobile Machine Trailers

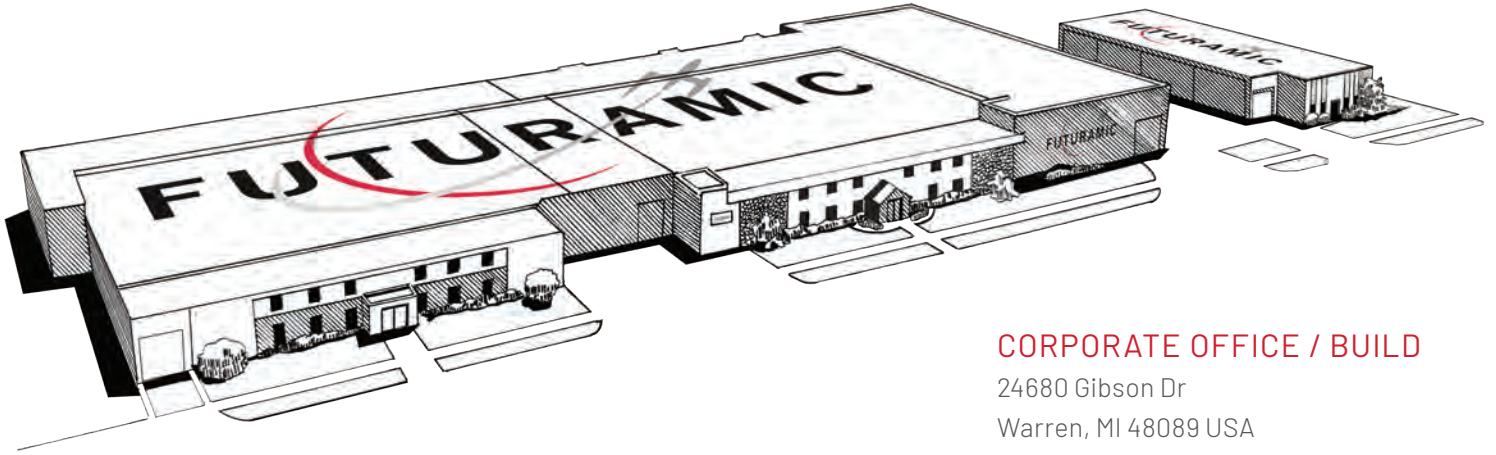

Re-Assembly

Re-Certify
- Onsite Training

Laser Tracker and Third-Party Certification
- Self-sufficient Mobile Machine Trailer with Two Power Source Options:

  - Natural Gas/Flexible Gas Generator
  - Plug-in electrical power

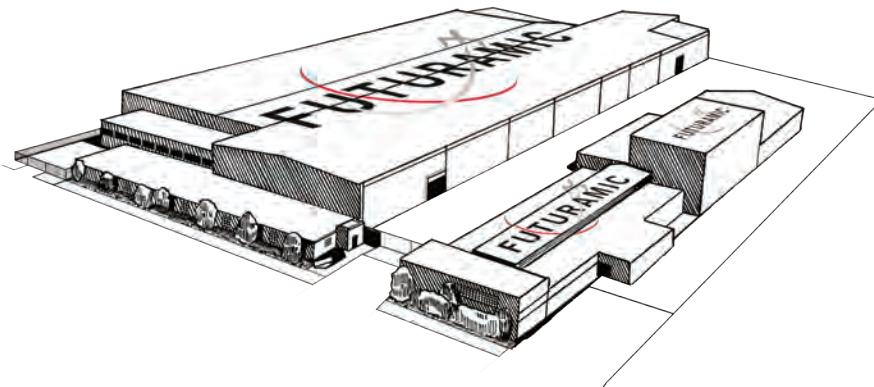

### CORPORATE OFFICE / BUILD

24680 Gibson Dr  
Warren, MI 48089 USA  
586.758.2200

### SHIPPING AND RECEIVING

24584 Gibson Dr  
Warren, MI 48089 USA

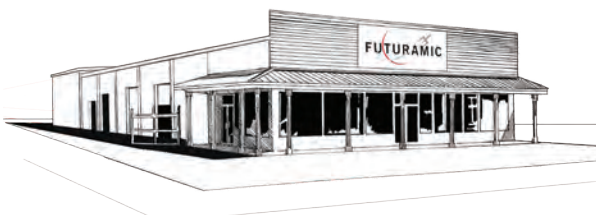

### ENGINEERING

24727 Gibson Dr  
Warren, MI 48089 USA  
586.497.8850

### FLIGHT HARDWARE AND PART FINISHING

24775 Gibson Dr  
Warren, MI 48089 USA

### FABRICATION

20101 Hoover St  
Detroit, MI 48205 USA  
313.264.1300

### SPACE COAST OPERATIONS

2210 Garden St  
Titusville, FL 32796 USA
